Exactech Q1 Revenue Up 13%, Net Income Up 33% Reflecting Strong Surge in International Orthopaedic Sales and Decreased Legal Costs

GAINESVILLE, Fla. – April 27, 2010 -- Exactech, Inc. (Nasdaq: EXAC), a developer and producer of bone and joint restoration products for hip, knee, shoulder, spine and biologic materials, announced today revenue of \$49.1 million for the first quarter of 2010, a 13% increase over \$43.3 million in the first quarter of 2009. Net income was \$3.3 million, or \$0.25 per diluted share, compared to \$2.5 million, or \$0.19 per diluted share, in the same quarter a year ago. Net income for the quarter, excluding pre-tax legal expenses and costs of \$0.2 million related to the ongoing Department of Justice (DOJ) inquiry, was \$3.4 million or \$0.26 EPS.

First Quarter Highlights and Segment Performance

- First quarter revenue increased 13% to \$49.1 million
- US GAAP net income increased 33% to \$3.3 million or \$0.25 EPS
- Knee implant revenue increased 13% to \$20.9 million
- Hip implant revenue increased 1% to \$6.6 million
- Biologic and Spine revenue increased 4% to \$7.4 million
- Extremity implant revenue increased 22% to \$7.1 million
- Other products revenue increased 31% to \$7.1 million

Exactech Chairman and CEO Bill Petty said, “Sales in our largest product segment, knee implants, improved 13% to \$20.9 million for the first quarter of 2010 from \$18.5 million in 2009. Hip implant sales for the first quarter were \$6.6 million, a 1% increase from revenue of \$6.5 million in the first quarter of 2009. Biologic-spine revenue was up 4% to \$7.4 million from \$7.1 million in the same quarter last year. Extremity revenues increased to \$7.1 million, a 22% increase from last year’s revenue of \$5.8 million, as a result of the continued market penetration of our Equinoxe® shoulder products. Other product sales increased 31% to \$7.1 million, largely due to strength in cement products.”

Exactech President David Petty said, “We are benefiting from consistent focus and expansion in several international markets. This was reflected in the 30% increase in international revenue to \$16.3 million from \$12.5 million in the first quarter of 2009, primarily in knee product sales. International sales for the quarter increased to 33% of total sales from 29% of total sales for the first quarter of 2009. U.S. sales rose 7% to \$32.8 million compared with \$30.8 million.”

Exactech’s focus on international growth was punctuated by its April 1 acquisition of the hip endoprosthesis business assets of Tantum AG, a German importer and distributor of orthopaedic products and surgical supplies. David Petty said, “The establishment of a sales operation in this key market is a major step in enabling us to strengthen our competitive position, improve service to our

customers in Germany and grow our European business. Key members of the management team have now become part of Exactech, which is an important element in this agreement.”

Chief Financial Officer Jody Phillips said, “Net income for the quarter was up 33% to \$3.3 million from \$2.5 million in the same quarter last year primarily due to our robust sales growth and lower legal costs. During the quarter, legal and other expenses related to the DOJ inquiry were \$126,000, net of tax, compared to \$874,000 in DOJ-related expenses a year ago. Excluding the impact of the DOJ-related expenses, our net income increased 2%. Gross margins decreased to 64.0% for the first quarter of 2010 from 66.5% for the first quarter of 2009, primarily due to the higher percentage of international business.

“Total operating expenses for the quarter were \$25.8 million, an increase of 4% from \$24.7 million in the comparable period. As a percentage of sales, operating expenses decreased to 53% from 57% for 2009. Total sales and marketing expenses were up 5%, and decreased to 31% as a percentage of sales from 34% during 2009. General and administrative expenses decreased 13% in the first quarter to \$4.4 million from \$5.1 million. Research and development expenses rose 28% to \$3.6 million from \$2.9 million in the first quarter of 2009, reflecting our continuing emphasis on new product development and our strong new product pipeline.”

Looking forward, Exactech increased its revenue targets for 2010 to a range of \$190 million to \$197 million and diluted earnings per share for the year 2010 in the range of \$0.92 to \$0.98. For the second quarter ending June 30, 2010, the company targets revenue in the range of \$46 million to \$49 million and diluted earnings per share in the range of \$0.22 to \$0.24. These are US GAAP EPS target ranges that include the impact of DOJ inquiry and compliance costs. The foregoing statements regarding targets for the quarter and full year are forward-looking and actual results may differ materially. These are the company’s targets, not predictions of actual performance.
